**THIS IS THE  
ULTIMATE IN  
WATER SLIDES!**

**Bring Media Attention  
To Your Event!**

This 130' long dual lane water slide features two launch ramps that send the riders flying in the air to the landing bags. One lane is completely straight down so you experience a free fall sensation before being launched in the air, the other side is very steep and launches you further down the air bag so you can experience two different rides on the same slide. This is the most extreme inflatable water slide available and can only be found at Arizona Bounce Around. In relation to the work involved, set up and take down, we have this water slide priced very reasonably. We make sure all the details are covered so you can have the best experience possible. We offer up to 5 million in liability insurance coverage with this slide (at an additional cost).

# 43' Over The Edge Water Slide

*Call For Great Pricing On This Amazing Water Slide!*

Minimum space required  
40' (12.19 m) wide  
45' (13.71 m) tall  
87' (26.51 m) long

Our new 43' tall Over the Edge water slides are the hottest things going at summer events. After sliding down this amazingly tall/fast slide, riders fly over the edge and land on Zero Shock stunt bags, the same landing bags found on our 51' Skyscraper Slide, Stunt Jump Tower and Inflatable Cliff Jump. We have 2 of these amazing water slides available for rent so we can put them side by side for twice the output at large events. We offer these slides with the stair case either on the right or left side. This is a big plus when putting them side by side so the stairs are on the sides and both landing bags in the middle. It's also great if you plan on having this slide at a residence or place with limited space. Being able to have the stairs on a certain side lets you control where the people enter for better supervision and use at some events.

## Water Pump Battle Game

**\$199.00 / 4 Hours**

\$10.00 per additional hour

The Water Pump Battle is just like the slime games you see on TV. This water pump battle allows people sitting on opposite ends of each other to turn the handles as fast as they can in order to dump water on the other player. Each person is trying to fill the other person's bucket first so it will spill the water directly on their head. Perfect for ages 3 to adult.
